* A 'medical home' is a doctor's office, hospital, outpatient clinic, or community health center that will help keep individuals healthy and ensure they receive the required immunizations. If you do not have a medical home, please see below for a list of providers in your area who are accepting new patients.

All uninsured children must be referred to Medicaid and CHIP for enrollment – if they are eligible.

Si usted no tiene un hogar médico, abajo encontrará una lista de los proveedores en su área que están aceptando a nuevos pacientes.

Todos los niños sin seguro deben ser referidos a Medicaid y CHIP para inscripción - si son elegibles.
